

This Divine Grace, this overpowering ability to change lives, a touch to heal physically or a single word to console emotionally, the opportunity to release a soul from eternal damnation or change the course of humanity.

What if you could...what's the cost you ask?????

What if I said it's your soul, what would you do then? Would you want to know more?

And what if I told you it's a secret very few are willing to want to know once they discover the cost.

You see the very focal point of this centers around the Will of God, not that Gods will be changed, nor is it that Gods will be challenged. This power, this massive gift of Grace is only present when God Will is done.

The saints have all been examples of the love of God in doing his Will.

Doing the will of God is the most direct route to eternity in Heaven. It's giving everything we have, all of whom we are, until he beckons us.

The saints have revealed to us the secrets to obtain this,

We cannot come to the Father without the grace given to us through the sacrament of reconciliation. All of our efforts will be for naught when we knowingly participate in a sinful life. Sin blocks the ability within each one of us to receive those graces we desire, mortal sin totally cuts us off from our relationship with God.

Humility, when we humble ourselves we allow God to freely work through us in ways we can never imagine. Humbling ourselves means that "I" is no longer a part of this life of ours. We totally submit to the Father in all things.

With the rosary in one hand We are cloaked with the mantel of Our Lady, armor that is impenetrable, arrows that pierce the diabolical nature of mankind, shields of divine grace that protect us from the enemy.

Our strength is heightened by the Eucharist. In adoration Our Lord Infuses us with the strength to resist the temptations of this world, in reception of the Blessed sacrament the power He exercises through us is unmatched by Satan.

We can't live this for a day, commit to God for a year, when we say Yes we may never know while here in this carnal vessel what magnificent degree He used us for but know, believe, have trust and Faith that this short duration on earth had an extreme impact on all of humanity.

There is a reason we are here in this year, at this time of humanity---There is no coincidence

God has placed us here, now, in our present state to do something no one else can do.

Don't try and look for it, it will never come. It's our pride that most often stands between us and God hands to work through us.

Say yes to God and let Him do the rest

I used to live by the saying "Act as if it all depends on you, Pray as if it all depends on God

Now I believe when I've said Yes that I must hold on, for I'm in for the ride of my life on the wings of angels
