

***Prayer to the Holy Little Shepherds of Fatima
against the Coronavirus Pandemic***

by P. Luca Roveda

Saints Jacinta and Francisco Marto, little sheeps of Fatima, by singular grace chosen by Mary Most Holy in her Immaculate Heart to become great testimonies of the Light of Christ, we come to you today, in this moment of health emergency, pain and trial.

One hundred years ago, Oh Holy children, you yourselves suffered from the terrible epidemic of the Spanish flu, and carried on your bodies the signs and pains of evil that you faced with wonderful faith until you reached a Christian death.

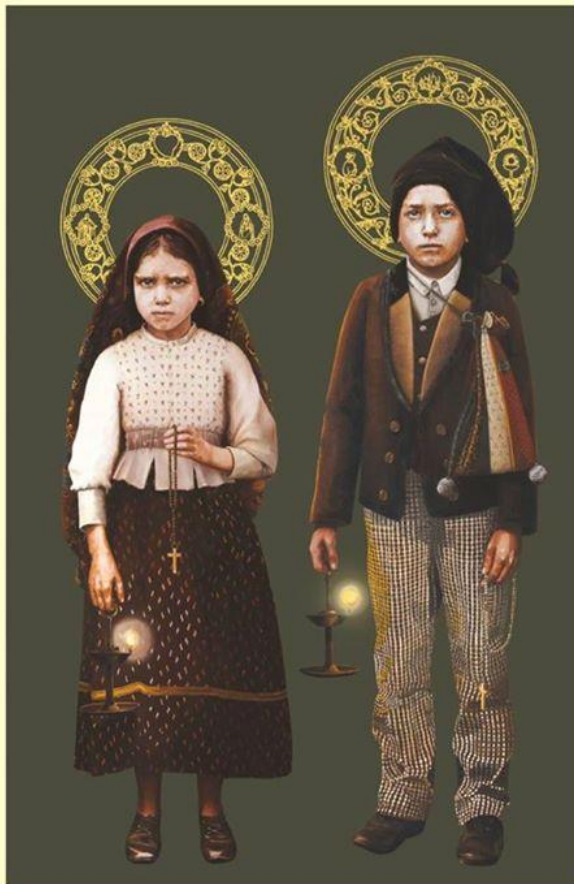

Our Heavenly Mother had already announced your premature death, uniting it with the Passion of Christ for the salvation of the world, and you in pain and agony, witnessed with continuous prayer the total adherence to the Divine Will.

Today, a century later, we are devastated by another horrible epidemic, and we turn to you with infinite confidence, so that through the Immaculate Heart of Mary, which your eyes saw here on earth, you can obtain for our soul health and of body, a strong faith and the capacity to be in solidarity with all those who are in pain and trial.

You who, with a gentle smile and a heart full of meekness, accepted the medical treatments, assist and protect all the doctors and health personnel in their excessive effort in the fight they have against this evil.

Protect our families, making them rediscover the beauty of prayer made together, in particular the Holy Rosary, which both held in their hands until the moment of their last breath.

With you, little shepherd children and with Mary Most Holy, Our Mother and Guardian, we confidently turn to Jesus Christ, our salvation, who in the Easter Light overcomes evil and death. Amen.
